Plugin Development Suggestions

Email marketing newsletters \$299 annually includes:

Web-based *marketing* tools that help you grow your small business through *email marketing* newsletters,

Amazing Mass Email (AME) We Design Plugin Amazing Mass Email can automatically manage subscriptions (and unsubscriptions) to distribution basis to 5000 of your clients lists.

Each list can be associated with an e-mail address: when a message with "Subscribe" in the subject line is sent to this e-mail address the sender gets added to the list.

If the subject is "Unsubscribe" instead, the sender gets deleted (if case he/she was previously subscribed)., Personalize your messages with the recipient's first or last name in the subject line or body of your email message and significantly improve response rates!

Save time in creating your email campaign by simply copying any previous campaign to reuse your content or layout as a basis for the next one.

Design & Set Up Database connect with your hosting syns with your e-mail distribution lists.
